States and Union Territories as on 1.4.1998 and 31.12.2001 are given in Annexure [*See* Appendix, 195, Annexure No. 23]

Study regarding consumption of power

†1852. SHRI RAJIV RANJAN SINGH 'LALAN':
SHRI KAPIL SIBAL:

Will the Minister of POWER be pleased to state:

(a) whether Government have conducted any study regarding consumption of power in the villages of various States in the country;

(b) if so, the details thereof;

(c) if so, what percentage of power is consumed in the rural households in each of the States; and

(d) what is the average quantum of power consumed in domestic use by rural consumers in each State?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATI JAYAWANTI MEHTA): (a) to (d) The Annual Report on the Working of the State Electricity Boards and Electricity Departments, published by the Planning Commission gives the consumer category-wise sale of power. The figures available, State-wise, for the year 1999-2000 in the Statement given. (*See* below)

Figures for consumption of power in rural households is not calculated separately and this would, in any case, constitute a very small proportion of the total.

---

†Original notice of the question was received in Hindi.

Statement

Consumer category-wise sale of power, 1999-2000

(in Mkwh)

Setting up a CEC fund

1853. SHRI YADLAPATI VENKAT RAO: Will the Minister of POWER be pleased to state:

(a) whether Government is considering for setting up a Central Energy Conservation fund to provide Technical and Financial assitance to the upcoming power projects;

(b) whether government is also considering setting up a promotional Board which will try to attract private investment in power sector;

(c) whether any steps are contemplated to reduce transmission and distribution of power; and

(d) if so, the details in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATI JAYAWANTI MEHTA): (a) Yes, Sir. Energy conservation fund to promote efficient use of energy and its conservation.

(b) No, Sir.

(c) and (d) Steps taken to reduce transmission and distribution losses include:—

(i) Streamlining the power wheeling/transmission capability and improving grid discipline.

(ii) Distribution reforms under the Accelerated Power Development Programme to achieve the objective of 100% metering, energy audit, better H.T/L.T ratio, replacement of defective distribution transformers, IT solutions relating to
